

Lunch with the Coder: CPT coding updates for 2022

Deletions, revisions, and new codes...

CPT coding updates start on Jan. 1, 2022. Get ready for updates by attending this informative webinar to learn the latest procedural code updates to keep your practices' coding accurate for the new year.

Attendees will learn:

- to recognize why codes have been updated
- how to apply the new codes
- what should be documented to support codes (to prevent fraud)
- tips for proper use

Wednesday, December 22, 2021
12–1pm

TARGET AUDIENCE

Primary care and specialty physicians, coders, billers, office managers and practice directors

Webinars are complimentary and open to TPA members only.
